## RemSense Finalises Executive Management Team

### HIGHLIGHT

- **Former IBM senior manager appointed as Chief Digital Officer**

Technology and engineering solutions company RemSense Technologies Limited (ASX: REM) ("**RemSense**", "**the Company**") is pleased to announce the appointment of Anthony Roe as Chief Digital Officer.

Prior to joining RemSense, Mr Roe was the Enterprise Strategy Leader for the Industrial Sector at IBM in Australia and New Zealand. He spent 14 years at IBM in senior leadership roles, responsible for software and services sales growth across all of Europe and more recently the Asia Pacific.

He also served as the Head of Digital Technology and Innovation at Downer Mining, Energy and Industrial, establishing the Digital Technology Acceleration Program for Downer Group, collaborating with major global technology players and Australian technology start-ups.

RemSense Managing Director and Chief Executive Officer Steve Brown said: "*Anthony's recruitment completes our executive team in the manner outlined in the Prospectus. His extensive background in digital technology business growth across oil & gas, mining and utilities industries makes him the perfect fit for RemSense and growing the application of our Virtual Plant digital twin solution globally.*"

Mr Roe's appointment follows the recent hiring of former Woodside Energy employee Darren Shanahan as Chief Operating Officer and completes the RemSense executive management team under Mr Brown.
