Additionally, they comply with the 4th edition of the ASX Corporate Governance Principles and Recommendations. A copy of the Corporate Governance policies is contained on the Company's website.

Board of Directors

Role of the Board

The primary responsibilities of the Board of Directors are set out in the Board Charter and include:

- Establishment of long-term goals of the Group and strategic plans to achieve these goals;
- Monitoring the achievement of these goals;
- Review of the management accounts and reports to monitor the progress of the Group;

- Review and approval of the annual and interim financial reports;
- Nominating and monitoring the external auditor;

- Ensuring that the Company reports on its measurable objectives in relation to gender diversity and assesses annually both the objectives and progress in achieving gender diversity.

The Board evaluates this charter on an ongoing basis.

Board Composition

The Directors' Report contains details of the Directors' skills, experience, and education. The Board seeks to establish a Board that consists of Directors with an appropriate range of experience, skill, knowledge, and vision to enable it to operate the Group's business with excellence. To maintain this, the Group's policy is that Executive and Non-Executive Directors should serve at least three years. At the completion of the first three years, the position of the Director is reviewed to ascertain if circumstances warrant a further term.

Board Composition (continued)

The specific skills that the Board collectively bring to the Company include:

- Industry experience / technical qualifications;
- Commercial experience;
- Public company experience;
- Analytical expertise;
- Financial expertise;
- Risk Management experience;
- Strategic planning experience;
- Strategic leadership experience;
- Corporate Governance expertise;
- Communications experience; and
- Interpersonal experience.

The Board comprises an Executive Managing Director, and two Independent Non-Executive Directors. A written agreement is entered into with each Director and Senior Executive of the Company setting out the terms of their employment.

The chair of each of the sub-committees formed by the Board has specific skills in the area for which they are responsible. The Board does not have a Director with legal experience, as any legal work is outsourced to external lawyers.

Directors' details are set out in the Directors' Report contained within the Annual Financial Report.

The Board is responsible for identifying potential new Directors and has the option to use an external consulting firm to identify and approach possible new candidates for Directorship. When a vacancy exists, or where it is considered that the Board would benefit from the services of a new Director with particular skills, candidates with the appropriate experience, expertise and diversity are considered. Each incumbent Director is given the opportunity to meet with each candidate on a one-to-one basis. The full Board then appoints the most suitable candidate.

The Board undertakes appropriate checks before appointing a person as a Director or putting forward to shareholders a candidate for election as a Director.

The Board ensures that shareholders are provided with all material information in the Board's possession relevant to a decision on whether, or not, to elect or re-elect a Director.

The appointment of the Directors must be approved by a majority of the Shareholders present at the first Annual General Meeting after their appointment.

Retirement and re-election of Directors

The Constitution of the Company requires one third of Directors (or the number nearest one third, rounded up), other than the Managing Director, to retire from office at each Annual General Meeting. Directors who have been appointed by the Board are required to retire from office at the Annual General Meeting immediately following their appointment and are not considered in determining the number of Directors to retire at that Annual General Meeting. Retiring Directors are eligible for re-election by Shareholders.

Independence of Directors

The Board has reviewed the position and association of each of the Directors in office at the date of this report and considers that two directors are independent. In considering whether a Director is independent, the Board has regard to the independence criteria in ASX Corporate Governance Principles and Recommendations Principle 2 and other facts, information, and circumstances that the Board considers relevant.

The Board assesses the independence of new Directors upon appointment and reviews their independence, and the independence of the other Directors, as appropriate. The Board considers that Ross Taylor and John Clegg meet the criteria in Principle 2.

Verification of periodic reports

Periodic reports are provided on a minimum of a quarterly basis for the company via the submission of quarterly activities reports and quarterly cash flow reports as required by the ASX. Activities reports are prepared by Directors and circulated to the full Board for review and comment to ensure accuracy with the Directors' knowledge of operations during the quarter. Financial data is prepared and sent to the Board for review to ensure information presented is consistent with Directors' knowledge and understanding of operations for each quarter before approval for release to the market. No other periodic reports are currently prepared.

Director education

All new Directors complete an induction process. Non-Executive Directors are given every opportunity to gain a better understanding of the business, the industry, and the environment within which the Group operates, and are given access to continuing education opportunities to update and enhance their skills and knowledge. The Board are specifically provided the opportunity to enhance their financial, regulatory and compliance skills in relation to public companies through external courses.

Independent professional advice

With prior approval of the Chair, each Director has the right to seek independent legal and other professional advice at the Group's expense concerning any aspect of the Group's operations or undertakings to fulfil their duties and responsibilities as Directors.

Board performance review

The performance of all Directors is assessed through review by the Board as a whole of a Director's attendance at and involvement in Board meetings, their performance and other matters identified by the Board or other Directors. Significant issues are actioned by the Board. Due to the Board's assessment of the effectiveness of these processes, and based upon the size of the Group and its operations, the Board has not otherwise formalised measures of a Director's performance.

The Directors conducted an internal performance evaluation of the Members of the Board during the reporting period.

Director remuneration

Details of the Group's remuneration policies are included in the "*Remuneration Report*" section of the Directors Report contained within the Annual Report.

Non-Executive Directors will be remunerated by cash payments (which may be settled in shares subject to shareholder approval) (including statutory superannuation) and may receive equity performance incentives, but they will not be provided with any benefits for ceasing to be a Director.

Executive Directors will be remunerated by fixed cash remuneration (which may be settled in shares subject to shareholder approval) and may receive equity performance-based remuneration, subject to obtaining all regulatory approvals from shareholders. A reasonable period of notice of termination is required and is detailed in the Executive's employment contract.

Managing Business Risk

The Group maintains policies and practices designed to identify and manage significant risks including:

- regular budgeting and financial reporting;
- procedures and controls to manage financial exposures and operational risks;
- the Group's business plan;
- corporate strategy guidelines and procedures to review and approve the Group's strategic plans;

- insurance and risk management programs.

The Board reviews these systems and the effectiveness of their implementation and considers the management of risk at each of its meetings. The Board may consult with their Group's external auditors on external risk matters, or other appropriately qualified external consultants on risk generally, where considered necessary. The entity's risk management framework was formally reviewed by the Board during the financial year.

The Board's review of business risk is also based on reports from the Audit and Risk Management Committee.

The Managing Director and Financial Controller annually provide a formal statement to the Board that in all material respects and to the best of their knowledge and belief:

- the Group's financial reports present a true and fair view of the Group's financial condition and operational results and are in accordance with relevant accounting standards, and
- the Group's risk management and internal control systems are sound, appropriate, and operating efficiently and effectively.

The Company assesses its exposure to environmental and social sustainability risks on an ongoing basis. The Board assesses the likely impact of changes and implements strategies to minimise exposure to these specific risks. Based on its assessment the Board does not believe it has any unmanaged, material exposure to environmental or social sustainability risks.

Due to its size and activities, the Company does not have an internal audit function. The Board has determined that the established internal controls for the Company, combined with the work of the Audit and Risk Management Committee, at this stage satisfactorily addresses the function that would otherwise be dealt with by an internal audit function.

Internal Controls

Procedures have been established at the Board and Executive management levels that are designed to safeguard the assets and interests of the Group, and to ensure the integrity of reporting. These include accounting, financial reporting and internal control policies and procedures. To ensure these established procedures are being followed, the Directors:

ASX Corporate Governance principals and recommendations not followed - "if not, why not" approach

Pursuant to the ASX Listing Rules, the Company advises that it does not comply with the following Corporate Governance Principles and Recommendations, issued by the ASX Corporate Governance Council. Reasons for the Company's non-compliance are detailed below.

Recommendations 1.5(b) and 1.5(c)(1) and 1.5(c)(2)

A listed entity should

- (b) through its board or a committee of the board set measurable objectives for achieving gender diversity in the composition of its board, senior executives and workforce generally, and*
- (c) disclose in relation to each reporting period:*
 - (1) the measurable objectives set for that period to achieve gender diversity;*
 - (2) the entity's progress toward achieving those objectives*

While the ASX Principles recommend an ideal practice for entities, as identified on page 8, due to the size of the Company, the Board does not consider it practicable to set measurable diversity objectives to achieve greater gender diversity at this time and it should be noted that merit is the basis for employment with the Company.

Recommendations 2.1 / 8.1

The Nomination and Remuneration Committee (RemSense has denoted this committee the Nomination and People Committee) should be structured so that it:

- has at least three members;*
- consists of a majority of Independent Directors; and*
- is chaired by an Independent Director.*

It is noted that RemSense does not achieve the first arm of this recommendation as it only has two members for the committee. The second and third arms are achieved.

Recommendations 4.1 / 7.1

The Audit and Risk Management Committee should be structured so that it:

- has at least three members;*
- consists of a majority of Independent Directors; and*
- is chaired by an Independent Director.*

It is noted that RemSense does not achieve the first arm of this recommendation as it only has two members for the committee. The second and third arms are achieved.

While the ASX Principles recommend an ideal structure for the Audit & Risk Management and Nomination & Remuneration Committees, they recognise that for smaller Boards it may not be possible to implement such a structure.

Given the size, scale and nature of the Company's business, the Board does not consider the non-compliance with these ASX Principles to be materially detrimental to the Company.

This statement is current as at 30 June 2026 and has been approved by the Board.
