- RemSense and Programmed commence pilot project on Rottnest Island, WA
- RemSense will visit IMARC, Sydney
- RemSense will exhibit at 'Reimagine the Future of Facility Management', Perth

ASX Announcement 31/10/2022

[Share Purchase Plan Offer Extended to 9 November 2022](#)

Following the recent [announcement](#) about the integration of virtualplant with the IBM Maximo Application Suite, RemSense is pleased to advise that it has commenced a pilot project with [Programmed](#), a leading provider of asset and facilities management services, and Maximo user, in Australia and New Zealand.

The Pilot will involve **virtualplant** scanning of key water and power infrastructure on Rottnest Island, WA and Integration Into Programmed's existing Maximo asset management system.

The pilot is a joint program between Programmed and RemSense and will be completed this calendar year
